Dear Anne-Marie,  
I am planning to come to Washington the weekend of October 16-18 for a meeting. I realize that this is a rather tight schedule, but I thought I would let you know anyhow, just in case there is a chance to connect with you. However, if this is not convenient, I fully understand.

Dear Henri,  
How great to be in touch. We ended up not holding the dinner because of time constraints, but I did travel with the Secretary to Haiti last Thursday and was powerfully affected by the trip. Please let me know if you are coming to Washington and I will look for other opportunities to bring you to talk to us. I would also welcome any and all ideas you have about projects that work in Haiti and what the US government can do to ensure that there are more of them.

With best regards, and pride in your achievements,  
Anne-Marie

Dear Anne-Marie,

What a delight to hear from you through Duane. Congratulations on your new appointment. Yes, I am actively engaged in various benevolent projects in Haiti. I have a lot of contacts in Haiti.

Periodically I go back to do surgery at the Albert Schweitzer Hospital in Deschapelles, in the central region of the country,

I would be delighted to participate in, or contribute in any capacity to the dinner at State. Feel free to contact me directly. I look forward to hearing from you.

Anne-Marie,

I hope you're well!

I don't know whether Henri is involved, but I'll ask him by copying him on this email message.

I'm going to send you a message on another subject in a separate email.

Henri and Donna,  
What say you?

Duane

Duane – we're having a dinner at State for people who know about Haiti – is Henri involved in doing things back in Haiti in any way? And do you have his coordinates? AM
